ABOUT ME

I'm a software engineer skilled in developing web applications, APIs, and database CRUD operations. I have extensive knowledge of building these components and am proficient in handling algorithms and debugging. also I'm a cheerful, hardworking person who likes to take charge. I'm good at motivating myself and getting things done. You can always rely on me to do my best and be responsible. I enjoy working with others and learning new things. I'm enthusiastic to contribute and grow in any team or project.
